

*Seminar On*  
***“Construction Claims and  
Contract Management”***

---

*Successfully Held on 1 December 2017*

Construction contracts need careful handling as claims are a fact of life in the construction industry. This seminar provides the practical legal skills and knowledge for handling those claims commonly encountered, including those related to delays and disruption, variation and change orders, payments, certification and the preparation of records and documentation.

It provides participants the necessary training for handling contracts in any context, such as in purchasing, sales, servicing and maintenance.

The Seminar on Construction Claims and Contract Management was successfully held on 1 December 2017. Feedbacks are very positive. The visiting lecturers were **Mr. Duncan Ho, Barrister-at-law** and **Mr. Matthew Cheung, Barrister-at-law**.
