

Legal Aspects of Intellectual Property Rights

The legal landscape of intellectual property is getting more and more complicated and demands and expectation over public officers are ever-growing. In view of these, there is a need to enhance the understanding of public officers of key legal issues and practices regarding intellectual property law in Hong Kong which are pertaining to their work.

The aim of this training is to provide participants with a comprehensive overview of the necessary legal knowledge and practical skills in relation to the intellectual property law in Hong Kong, and their relevance of the knowledge to their work.

Target Audience(s)

- non-lawyers, such as government officials, business owners, directors, managers and professionals.

Learning Objective(s)

- Understand the key intellectual property law issues and practices relevant to public officers' work in Hong Kong.
- Gain a comprehensive overview of intellectual property law knowledge and skills needed for daily work.
- Learn how to apply intellectual property law expertise to one's job responsibilities.
