

Seminar On

Legal Aspects of Design-Build Contracts

Co-organised with HKIE for CPD

Successfully Held on 24 February 2016

There are more and more design-build contracts in use in Hong Kong. With the size and extent of projects adopting them growing, the law regulating them are also getting more complicated. In view of these, there is a need to enhance understanding on key legal issues and practices pertaining to the use of such design-build contracts.

This seminar aims at providing a critical review and update of the legal aspects concerning the common issues in the application of design-build contracts in Hong Kong. Through discussion of lessons learnt from decided cases, the law and practice on areas that those involved need to be alerted to are highlighted.

The Seminar on Legal Aspects of Design-Build Contracts was successfully held on 24 February 2016. Feedbacks are very positive. The visiting lecturers was **Mr. Duncan Ho**, Barrister-at-Law.

“ *Very lively and interactive. Clear and useful presentation.* ”
