

Webinar on Force Majeure in Hong Kong Business Contracts

Successfully Held on 21 April 2020

Public health issues trigger more thoughts on operation of force majeure in business contracts. This principle enables, among other things, a party to the contract to be discharged from the performance of the contract. Legal knowledge on this is vitally important to enable contract administrators to discharge their duties and functions properly and to keep contracts out of trouble, particularly in times of public health concerns.

This online training uses insightful cases to provide a comprehensive guide to key legal principles that professionals and managers can apply to daily work situations.

The Seminar on “Force Majeure in Hong Kong Business Contracts” was successfully held on 21 April 2020. The visiting lecturer was **Mr. Xizhen Wang, Barrister-at-law.**
